Chapter 1

This Product

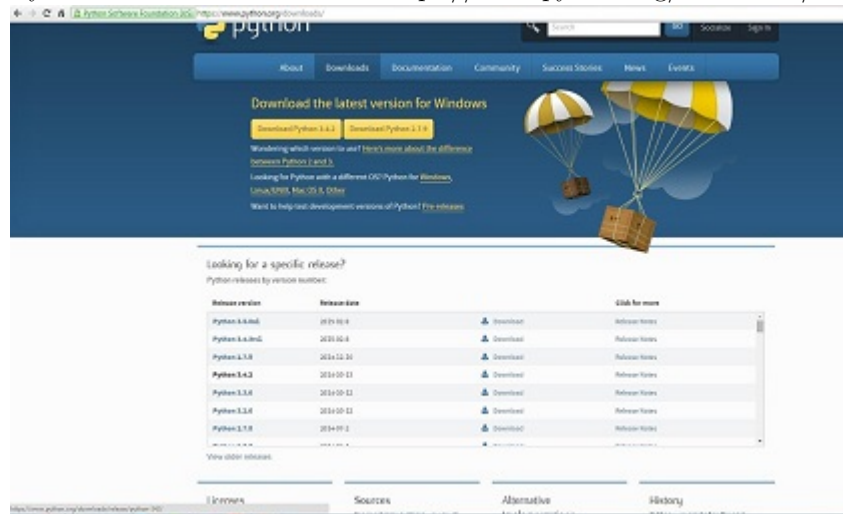

This product is a revision and teaching aid for A Level science subjects, allowing teachers to set their students questions and allow the students access to as many questions as they like. The GUI of this program is designed in a way to allow a user of any technical ability to easily understand and make use of the program.

Chapter 2

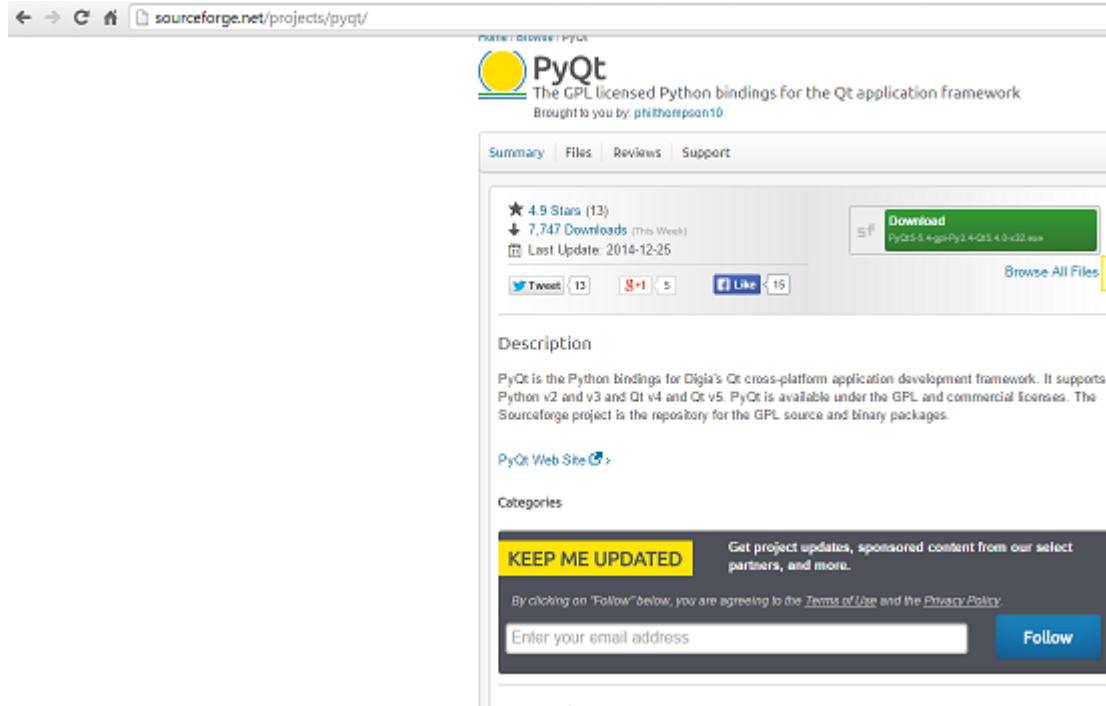

Installation

All computers that will use the program need to have Python 3.4 and PyQT 4 installed.

Python 3.4 can be found here : <https://www.python.org/downloads/>

PyQT 4 can be found here: <http://sourceforge.net/projects/pyqt/>

Only Python version 3.4 and Python 3.4 compatible versions of PyQT will work with this program code. Please ensure that you have installed valid distributions before continuing.

Chapter 3

First Time Setup

3.1 Admin Tools
